**Tsinghua University is the most important technical school in China
President Xi Jinping and former President Hu Jintao graduated here**

Tsinghua University Campus is as big as a town. A 40' walk is needed to cross it N-S, and 20' E-W. To hire a bicycle is necessary. Facilities such as playgrounds, supermarkets, canteens, bars and dormitories are located within the campus

The Academy of Art and Design has 16 departments which cover all the aspects of design teaching

The DD programme of Interior design started in 2012, 16 Italian students have attended the programme until now

The teachers of the school are selected among the most acknowledged professionals in the country

The teachers of the school are selected among the most acknowledged professionals in the country

The DD programme lasts 5 semesters

It is an exchange programme involving 10 Italian students and 10 Chinese ones

The period of staying in China for Italian students usually is the 3° and 4° semester

Courses are not always in English

Arrival at Tsinghua late August
